Plaintiff Rose's Motion For Transcripts
needed To Appeal to the Sixth Circuit
and needed to file a non frivolous Motion
to Alter Judgment in this case

Plaintiff Rose humbly ask the Court to
 issue an order granting him 1-Free Copy of a
~~the~~ Transcription of the Bench Trial that occurred
 in this case ~~para~~ so that I can fairly appeal
 to the United STATES Court of Appeals for The
 Sixth Circuit and in order to ~~sent~~ file and
 (1 of 4)

Seek relief to a Motion to Alter Judgment.

Plaintiff Rose is a pro se Indigent litigant and respectfully ask that the Court provide him the 1-Free Copy of the Transcript pursuant to the United States Judicial Conference policy, that Pacer.com adopted or any other method the Court deems as good cause to Grant an order giving me 1-Free Copy in order to fairly access the Court seeking Relief and a new Trial with evidence, ~~and~~ witnesses and other necessities.

II -

Plaintiff Rose also humbly ask the Court to reconsider the previous denials of the STATUS Conference Hearings that I contend led up to the unfair Trial. It is my belief that with ~~these~~ a transcription of these proceedings I can show any Reasonable Jurist in the Sixth Circuit Court of Appeals how I was deprived of Fundamental Fairness by way of obvious plain errors; ~~a~~ misconduct by the Defendants and Judicial Bias, but I need the Transcriptions in order to be able to exercise this 14th Amendment Right otherwise any claim made would be nothing

more than bare allegations leading to a repeat of the ~~Bench Trial~~. Adverse Ruling received in the Bench Trial.

The Transcription of All of the STATUS Conference Hearings in 2020 and 2021, All fall under the same provisions set forth in the United States Judicial Conference policy, that Pacer. Con has ~~also~~ adopted as well. In other words as a result of being an Indigent pro se litigant, the Policy requires me to be given one (1) Free Copy of the Transcription, which is needed as stated above to make a prima facie case with documentation showing reversible error, without such this would equate to a denial of the right to Fairly access the Court Again.

Judicial Review by this Court and The Sixth Circuit showing the palpable errors that ~~led to~~ caused and led to the unfair Trial would lead to any Reasonable Jurist to conclude that a new and Fair Trial must occur, due to the undisputable prejudice Rose suffered in this case. See All objections, even the 7-16-21 Filed ones and Christopher v. Haseburg, 536 U.S. 414-15; Swenkel v. River Rouge, 119 F.3d; and Flagg v. District Supra (and all cases cited).

Relief Requested

Plaintiff Rose humbly ASK The Court to :

1). GRANT An order providing all Requested Transcripts so that he can Promptly and Fairly access the Court Seeking Relief by way of a Motion to Alter Judgment In the District Court and by way of Appeal To The Sixth Circuit Court of Appeals for Judicial Review.

2). GRANT This Transcription pursuant to The United STATES Judicial Conference policy that provides 1-Free copy of all pleadings to pro se litigants, OR "if" for any reason the Court Refuses to do so this route, I respectfully ASK the Court to find good cause another Route to provide 1-Free copy OR order copies pursuant to 28 USC 1920 (Tax for copies of Transcripts).

3). GRANT any and all other Relief the Court deems Just and equitable.

Respectfully Submitted
